# WHO WE ARE

**Project Green manages over 30 green open spaces  
around Malta & Gozo.**

Project Green is all about **creating and maintaining sustainable green spaces for everyone to enjoy**. Whether it's bringing new life to parks, green corridors, or valleys across Malta's towns and suburbs, the agency's projects boost community well-being, enhance biodiversity and provide sustainable areas for relaxation, recreation and connection with nature.

Together with its professional team, Project Green welcomes you to be part of this journey, **helping to nurture and protect** these green spaces so they continue to thrive for generations to come.

# FOSTERING WELLBEING AND DISCOVERY IN MALTA'S GREEN SPACES

As we approach winter, we are excited to bring you Project Green's Events Calendar for the start of the new year. This edition of events features a diverse programme of educational, adventurous and musical events. These initiatives highlight our ongoing efforts to make Malta's open spaces as lively and exciting as possible.

We encourage the public to visit our parks and take part in these events, which are designed to be enjoyed by people of all ages. These musical spaces and learning experiences will provide opportunities for people to learn about and connect with Malta's green and open spaces. These events are being managed by Project Green in collaboration with various third parties, which we are happy to support in bringing our spaces to life.

Through collaboration with cultural and environmental organisations, we aim to deliver enriching experiences that promote wellbeing, creativity, and problem-solving which brings our community closer. Our ongoing commitment to accessibility and inclusivity ensures that these shared public spaces are welcoming and accessible to all.

We invite you all to be a part of these experiences that celebrate Maltese creativity, encourage discovery and embrace the calmness of our outdoor spaces.
