### **Section 2: General Information**

#### **2.1 Purpose**

- 2.1.1 The purpose of this RfQ is **the provision of service to the Parks Management Office at Project Green for the removal of foul water from reservoir/s and/or cesspits (as appropriate) for various projects.**

#### **2.2 Scope and Terms & Conditions**

- 2.2.1 The Services shall be rendered to Project Green in accordance with the technical specifications forming part of this RFQ, with the Contracting Authority providing further details on where the Services are to be rendered after the Contract's Award.
- 2.2.2 The Contractor shall be subject to a penalty for delay of €50 per day inclusive of Saturdays, Sundays and Public Holidays for any delays over the period of performance stated above. The Contracting Authority reserves the right to terminate the contract without notice when the penalties reach a value amounting to 30% of the contract price.

#### **2.3 Specifications**

The Contractor shall perform the following Services:

- 2.3.1 The Emptying of foul water from reservoir/s and/or cesspits (as appropriate):
  - a. The Contractor shall empty a reservoir or cesspit (as appropriate) having a depth of circa 5 meters, when required. It may be necessary to remove any sediment that may have accumulated.
  - b. The Contractor shall provide all the machinery, and ancillary equipment necessary to carry out these Services.
  - c. The Contractor shall be responsible for the disposal of foul water at appropriate discharge points in accordance with Environmental Regulations and permits granted by the relevant Competent Authority. The Contractor shall also be responsible for obtaining said permits.

d. The Contractor shall respond to requests to remove foul water within 24 hours of the request being made by the appointed Project Green officer in charge.

2.3.2 Clearing of Blockages and cleaning:

a. The Contractor shall clear any blockages from sewer pipes and drainage connections and clean a reservoir or cesspits (as appropriate):

b. The Contractor shall provide all the machinery, equipment and accessories necessary to carry out these services.

c. The Services shall be carried with the use of a jetting/suction bowser to clear blockages from sewer pipes and drainage connections to toilet facilities.

d. The Contractor shall be responsible for the disposal of collected waste at appropriate sites in accordance with Environmental Regulations and permits granted by the relevant Competent Authority. The Contractor shall also be responsible for obtaining said permits.

e. The Services shall be carried out on a 24/7 on-call Emergency Basis.

f. Emergency services shall be carried out in accordance with the following response time dependent upon the time of the request by the appointed Project Green officer in-charge.
